Subject: New info on Felix Vulis

Hi Glenn.

Our mutual friend Magic has obtained new documents on Felix Vulis which detail his finances and payments he has received from ENRC, his CV and also a copy of his service agreement and employment contract, although it is not signed. If Felix is still of interest of you, please call me to discuss how to proceed.

Hope all is well

Mark

I have some interesting new material on this case but very little - if at all - relates to Felix. But please call me any time so we can brainstorm this one. A lot depends on your client's priorities and focus.

Ok good. We are discussing next steps. The priority remains felix. Let me know if you have any ideas.
